

# RAYMOND BASICS WALKIES

## LITHIUM-ION MOTORIZED PALLET TRUCKS

### GIVE YOURSELF THE ADVANTAGE IN PRODUCTIVITY AND AFFORDABILITY

The Lithium-Ion powered pallet jacks offering exceptional durability, maneuverability, and affordability. With a compact design and motorized lift, lower, and travel capabilities, these walkies allow operators to effortlessly handle loads up to 4,500 lbs. in even the most confined spaces. Add in long run times, fast charging, and simple battery changes, and it's easy to see how the Raymond Basics walkies gives you a productivity advantage over manual hand pallet jacks.

#### IDEAL FOR:

RETAIL  
DELIVERY  
DOCK WORK  
(SHIPPING/RECEIVING)  
WAREHOUSING  
TRAILERS  
MEZZANINES  
ELEVATORS

#### EASY TO USE

Electric lift, lower, and travel minimizes operator strain and fatigue by eliminating the need for pushing, pulling, or pumping.

#### EASY TO HANDLE

Compact design and pinwheeling capability allows easy handling in narrow aisles, doorways, elevators, and other tight spaces.

#### EASY TO AFFORD

The lithium-ion walkies are competitively priced, suitable for multiple applications, and in stock for immediate delivery.
